

## Annual Congress 2018

14<sup>th</sup> to 16<sup>th</sup> March, Brighton Centre, Brighton

Day 1: Wednesday 14 <sup>th</sup> March					
09:15	<b>Registration &amp; refreshments in the exhibition hall</b>				
<b>Auditorium</b>					
10:15	<p><b>NHSBT symposium</b> <i>Chairs: Lorna Marson &amp; John Forsythe</i></p> <p>Overview of organ donation and transplantation - <b>Rachel Johnson</b> Recent developments in cardiothoracic transplantation - <b>Sally Rushton</b> A new kidney offering scheme for the UK – matching donor and recipient more effectively - <b>Lisa Mumford</b> Organ utilisation – where are we? - <b>Chris Callaghan</b> The National Organ Retrieval Service - <b>Kate Martin</b> Patient-based liver offering scheme – going live - <b>John O’Grady</b></p>				
12:15	<p><b>Opening lecture</b> <i>Chairs: Maria Irene Bellini &amp; Steve Wigmore</i></p> <p>Leadership, change &amp; quality in delivering healthcare - <b>Jennifer Dixon CBE, the Health Foundation</b></p>				
13:00	<b>Lunch in the exhibition hall</b>				
13:10 - 13:55	<b>BTS Annual General Meeting in the auditorium</b>				
	<table border="1"> <thead> <tr> <th>Auditorium</th> <th>Syndicate 1&amp;2</th> </tr> </thead> <tbody> <tr> <td> <p>14:00</p> <p><b>Quality in donation</b> <i>Chairs: Rachel Johnson and Anthony Clarkson</i></p> <p>Care of the DCD in ICU: the French experience - <b>Corinne Antoine, Paris</b></p> <p>Improving communications between transplant recipients and donor families - <b>Sally Johnson, Laura Ramsay &amp; Stephanie Parsons</b></p> <p>Opt out - <b>Phil Walton, Claire Williment &amp; Sue Madden</b></p> <p>Length of the donation pathway - <b>Olive McGowan &amp; Paul Murphy</b></p> <p><b>Oral presentations</b> <b>O01</b> Impact of donor substance abuse on solid organ pancreas transplant outcomes - <b>Emily Thompson</b> <b>O02</b> Transplantation of kidneys from DCD and DBD donors who died after ligature asphyxiation: the UK experience - <b>Patrick Trotter</b></p> </td> <td> <p><b>Paediatric transplantation</b> <i>Chairs: Jelena Stojanovic &amp; Grainne Walsh</i></p> <p>When is a child untransplantable? What to do when there is no aorta? - <b>Nizam Mamode, London</b></p> <p><b>Debate: HLA matching matters in children</b> Presenting the case <b>for</b> - <b>Jon Jin Kim, Nottingham</b> Presenting the case <b>against</b> - <b>Stephen Marks, London</b></p> <p>Understanding problems of treatment adherence as a cause of graft loss - <b>John Weinman, London</b></p> <p><b>Oral presentations</b> <b>O03</b> Improved renal allograft survival for pre-emptive paediatric renal transplant recipients in the United Kingdom - <b>Stephen Marks</b> <b>O04</b> Superior renal allograft function with male deceased donors for paediatric renal transplant recipients - <b>Nadeesha Lakmal Mudalige</b> <b>O05</b> Risk factors for developing post-transplant lymphoproliferative disorder in children after renal transplantation: a systematic review - <b>Sofie Simonis</b></p> </td> </tr> </tbody> </table>	Auditorium	Syndicate 1&2	<p>14:00</p> <p><b>Quality in donation</b> <i>Chairs: Rachel Johnson and Anthony Clarkson</i></p> <p>Care of the DCD in ICU: the French experience - <b>Corinne Antoine, Paris</b></p> <p>Improving communications between transplant recipients and donor families - <b>Sally Johnson, Laura Ramsay &amp; Stephanie Parsons</b></p> <p>Opt out - <b>Phil Walton, Claire Williment &amp; Sue Madden</b></p> <p>Length of the donation pathway - <b>Olive McGowan &amp; Paul Murphy</b></p> <p><b>Oral presentations</b> <b>O01</b> Impact of donor substance abuse on solid organ pancreas transplant outcomes - <b>Emily Thompson</b> <b>O02</b> Transplantation of kidneys from DCD and DBD donors who died after ligature asphyxiation: the UK experience - <b>Patrick Trotter</b></p>	<p><b>Paediatric transplantation</b> <i>Chairs: Jelena Stojanovic &amp; Grainne Walsh</i></p> <p>When is a child untransplantable? What to do when there is no aorta? - <b>Nizam Mamode, London</b></p> <p><b>Debate: HLA matching matters in children</b> Presenting the case <b>for</b> - <b>Jon Jin Kim, Nottingham</b> Presenting the case <b>against</b> - <b>Stephen Marks, London</b></p> <p>Understanding problems of treatment adherence as a cause of graft loss - <b>John Weinman, London</b></p> <p><b>Oral presentations</b> <b>O03</b> Improved renal allograft survival for pre-emptive paediatric renal transplant recipients in the United Kingdom - <b>Stephen Marks</b> <b>O04</b> Superior renal allograft function with male deceased donors for paediatric renal transplant recipients - <b>Nadeesha Lakmal Mudalige</b> <b>O05</b> Risk factors for developing post-transplant lymphoproliferative disorder in children after renal transplantation: a systematic review - <b>Sofie Simonis</b></p>
Auditorium	Syndicate 1&2				
<p>14:00</p> <p><b>Quality in donation</b> <i>Chairs: Rachel Johnson and Anthony Clarkson</i></p> <p>Care of the DCD in ICU: the French experience - <b>Corinne Antoine, Paris</b></p> <p>Improving communications between transplant recipients and donor families - <b>Sally Johnson, Laura Ramsay &amp; Stephanie Parsons</b></p> <p>Opt out - <b>Phil Walton, Claire Williment &amp; Sue Madden</b></p> <p>Length of the donation pathway - <b>Olive McGowan &amp; Paul Murphy</b></p> <p><b>Oral presentations</b> <b>O01</b> Impact of donor substance abuse on solid organ pancreas transplant outcomes - <b>Emily Thompson</b> <b>O02</b> Transplantation of kidneys from DCD and DBD donors who died after ligature asphyxiation: the UK experience - <b>Patrick Trotter</b></p>	<p><b>Paediatric transplantation</b> <i>Chairs: Jelena Stojanovic &amp; Grainne Walsh</i></p> <p>When is a child untransplantable? What to do when there is no aorta? - <b>Nizam Mamode, London</b></p> <p><b>Debate: HLA matching matters in children</b> Presenting the case <b>for</b> - <b>Jon Jin Kim, Nottingham</b> Presenting the case <b>against</b> - <b>Stephen Marks, London</b></p> <p>Understanding problems of treatment adherence as a cause of graft loss - <b>John Weinman, London</b></p> <p><b>Oral presentations</b> <b>O03</b> Improved renal allograft survival for pre-emptive paediatric renal transplant recipients in the United Kingdom - <b>Stephen Marks</b> <b>O04</b> Superior renal allograft function with male deceased donors for paediatric renal transplant recipients - <b>Nadeesha Lakmal Mudalige</b> <b>O05</b> Risk factors for developing post-transplant lymphoproliferative disorder in children after renal transplantation: a systematic review - <b>Sofie Simonis</b></p>				
16:00	<b>Refreshments in the exhibition hall</b>				
<b>Auditorium</b>					
16:30	<p><b>Oral presentations – six of the best</b> <i>Chairs: Anthony Dorling &amp; Frank Dor</i></p> <p><b>O06</b> Significance of Basiliximab induction therapy in standard-risk renal transplant in Tacrolimus Era: a meta-analysis - <b>Hatem Ali</b> <b>O07</b> Have changes in the utilisation of livers donated following circulatory death affected survival in patients undergoing liver transplantation for hepatocellular carcinoma? - <b>David Wallace</b> <b>O08</b> Safety and efficacy of robot-assisted kidney transplantation - <b>Kiran Sran</b> <b>O09</b> Comparative mortality of live kidney donors in the UK: 15 year cohort study - <b>Nithya Krishnan</b> <b>O10</b> En-bloc kidney transplantation from infant and neonatal donors provide acceptable graft and patient outcome and a potential new donor pool - <b>Imeshi Wijetunga</b> <b>O11</b> Does gene transcript analysis in renal transplant biopsies assist in the distinction of antibody-mediated rejection from glomerulonephritis? <b>Barbora Salcman</b></p> 				

**This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational content of the meeting.**

17:40-18:25	<b>Industry sponsored symposium: Directed altruistic donation: where do we draw the line?</b> <b>Chair: Antonia Cronin</b> Directed donation dilemmas: a transplant surgeon's perspective - <b>Frank Dor, London</b> Practising pragmatism with altruistic donation: opportunities, challenges, and solutions - <b>Lisa Burnapp, NHSBT</b>
18:30	<b>Moderated poster session in the exhibition hall</b> P001-P048: This year the highest scoring posters will be entered into the moderated poster session, and be given an opportunity to present their work as a mini-oral in this session
From 19:00	<b>Welcome reception in the exhibition hall</b>
20:00	<b>Close of day 1</b>

Day 2: Thursday 15 <sup>th</sup> March			
08:00	<b>MDT plenary workshop: complex organ donation cases</b> <b>Chairs: Lisa Burnapp &amp; Krish Menon</b> Deceased donation: <b>Colin Wilson, Newcastle</b> Living donation: <b>Varuna Aluvihare, London</b> <b>Panel: Moira Perrin, Jeremy Brown, Jason Ali, Hannah Maple &amp; Carlo Ceresa</b>		
	Auditorium	Syndicates 1 & 2	Syndicates 3 & 4
09:00	<b>Clinical oral presentations</b> <b>Chairs: Pedro Catarino &amp; Jen Lumsdaine</b>  <b>O12</b> A 10 year experience of dual kidney transplantation in a single UK centre – <b>Ibrahim Rajput</b> <b>O13</b> Disease-specific differences and outcomes from listing for lung transplantation in the UK - <b>Antonios Kourliouros</b> <b>O14</b> Comparative morbidity outcomes in live kidney donors in the UK: 15 year cohort study - <b>Nithya Krishnan</b> <b>O15</b> A comparison of inflammatory profiles in donor lungs following donation after brain-death (DBD) and donation after circulatory death (DCD) - <b>John Dark</b> <b>O16</b> Recipient apol 1 genotype and allograft outcomes in live kidney transplantation - <b>Konstantinos Koutrotsos</b> <b>O17</b> Causes of renal allograft failure in the United Kingdom - <b>Hannah Burton</b> <b>O18</b> Impact of symptomatic UTI on long-term renal transplant function - <b>Rhana Zakri</b>	<b>Ethics, law, psycho-social issues &amp; public policy oral presentations</b> <b>Chairs: Antonia Cronin &amp; Refik Gokmen</b>  <b>O19</b> Socioeconomic deprivation is associated with lower rates of pre-emptive kidney transplantation - <b>Keith Gillis</b> <b>O20</b> Evaluation of family attitudes, actions, decisions and experiences following implementation of deemed consent and the Human Transplantation Act (Wales) 2013 - <b>Phil Walton</b> <b>O21</b> An economic analysis of the UK pancreas allocation scheme - <b>Kerry Burke</b> <b>O22</b> Primary school students: an untapped resource to increase awareness of organ donation? - <b>Roberta Bullingham</b> <b>O23</b> Engaging teenage students in transplantation ethics and organ donation via an interactive tutorial - <b>John Oluwatobiloba Omobowale Ayorinde</b> <b>O24</b> Barriers to pre-emptive kidney transplant listing – a single centre experience - <b>Gareth Jones</b> <b>O25</b> A significant proportion of kidney transplant candidates have poor health literacy and access health information in non-traditional formats - <b>Joanne Henry</b>	<b>BTS/BLTG symposium</b> <b>Immune mediated liver disease</b> <b>Chairs: Jack Lake &amp; Douglas Thorburn</b>  Liver transplantation for PBC - 'lost in the wilderness' - <b>Ken Simpson, Edinburgh</b>  Autoimmune hepatitis: defining the need for liver transplantation - <b>Michael Heneghan, London</b>  Liver transplantation for PSC - managing the dominant stricture and timing of colectomy - <b>Brian Davidson, London</b>  Approach to immuno-suppression in immune mediated liver disease – does standard therapy apply? - <b>James Ferguson, Birmingham</b>  Panel discussion
10:10	<b>Refreshments in the exhibition hall</b>		

**This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational content of the meeting.**

10:45	<p><b>Medawar medal presentations</b>  <b>Chairs:</b> Lorna Marson &amp; Steve Wigmore</p> <p><b>M01</b> Chronic renal histological changes at implantation and subsequent deceased donor kidney transplant outcomes: a single-centre analysis - <b>Benedict Phillips</b>  <b>M02</b> Accurate viability assessment and cryopreservation of pancreatic islets requires prolonged incubation with viability dyes and cryoprotectants for more than 12 hours - <b>Nikola Dolezalova</b>  <b>M03</b> The likelihood of re-transplantation in patients undergoing allograft Nephrectomy - <b>Gaetano Lucisano</b>  <b>M04</b> Shared HLA specificities between the blood and transplant donor increases the risk of de novo DSA development following transfusion in transplant recipients - <b>Sevda Hassan</b>  <b>M05</b> Class II anti-HLA IgG2 and IgG3 DSAs predict poorer outcomes in chronic antibody mediated rejection of renal allografts - <b>Alexander Wardle</b>  <b>M06</b> Highly specific RIPK1 inhibition is beneficial in murine ischemia reperfusion injury - <b>Kevin Gallagher</b>  <b>M07</b> Cardiovascular mortality following simultaneous pancreas and kidney transplantation: an analysis of the United Kingdom transplant registry - <b>Petros Yiannoullou</b>  <b>M08</b> Succinate accumulation accounts for greater transplant reperfusion injury induced by warm compared to cold ischaemia in mouse, pig and man - <b>Jack Martin</b></p>		
12:30	<p><b>Lunch in exhibition hall</b></p>		
<b>Auditorium</b>			
12:45-13:30	<p><b>Industry sponsored symposium: Does the tacrolimus formulation matter?</b>  <b>Chair:</b> James Neuberger, Birmingham  David Holt, London  Marc Clancy, Glasgow  Varuna Aluvihare, London</p> 		
<b>Auditorium</b>		<b>Syndicates 1 &amp; 2</b>	
13:40	<p><b>Best practice – kidney</b>  <b>Chairs:</b> Sian Griffin &amp; Matt Welberry-Smith</p> <p>Cancer in kidney transplant recipients - epidemiology and prevention - <b>Adnan Sharif, Birmingham</b></p> <p>Post-transplant lymphoma - new approaches - <b>Paul Fields, London</b></p> <p>Post-transplant lymphoma - a patient perspective - <b>Charlotte Willis</b></p> <p>Cardiovascular risk in kidney transplant recipients - <b>Alan Jardine, Glasgow</b></p> <p>Bone mineral disease in kidney transplant recipients - <b>Arif Khwaja, Sheffield</b></p>	<p><b>Basic &amp; translational science oral presentations</b>  <b>Chairs:</b> David Briggs &amp; Nicholas Torpey</p> <p>MicroRNAs in renal fibrosis and transplantation - mediators and therapeutic targets - <b>Laura Denby, Edinburgh</b></p> <p><b>Oral presentations</b>  <b>O28</b> A novel approach in real-time monitoring of renal allograft perfusion in an ex-vivo normothermic perfusion human kidney model system – a translational interface - <b>Danothy Bennett</b></p> <p>HLA epitope mapping - <b>Vasilis Kosmoliaptsis, Cambridge</b></p> <p><b>Oral presentations</b>  <b>O30</b> IgM HLA DSAs do not alter the outcomes of renal allograft rejection - <b>Alexander Wardle</b>  <b>O31</b> Human neutrophil antibodies are associated with severe early rejection in kidney transplant recipients - <b>Tim Key</b></p>	<p><b>BTS/BLTG symposium</b>  <b>Chairs:</b> Varuna Aluvihare &amp; Derek Manas</p> <p>Defining benchmarks in liver transplantation - <b>Pierre Alain Clavien, Zurich</b></p> <p><b>Liver MDM case discussions</b>  <b>Discussants:</b> Varuna Aluvihare &amp; Dinesh Sharma</p> <p><b>Dhakshina Vijayanand, Leeds</b></p> <p><b>Miriam Cortes, London</b></p> <p><b>Ahmed El Sharkawy, Birmingham</b></p>

***This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational content of the meeting.***

15:40	<b>Refreshments in exhibition hall</b>		
	<b>Auditorium</b>	<b>Syndicates 1 &amp; 2</b>	<b>Syndicates 3 &amp; 4</b>
16:15	<p><b>Quality in transplantation</b> <i>Chairs: Stephen Large &amp; David van Dellen</i></p> <p>Defining quality in a liver transplant program; a national and international perspective - <b>Jack Lake, Minneapolis, USA</b></p> <p>Developing clinical practice guidelines - <b>Richard Baker, Leeds</b></p> <p><b>Oral presentations:</b> <b>O32</b> <i>Outcomes of recipients of a kidney transplant who have been suspended from the National Kidney Transplant waiting list (NKTWL) - David Wallace</i></p> <p><b>O33</b> <i>Predictors of outcomes in a HLA incompatible renal transplant cohort – Tineke Rennie</i></p> <p><b>O34</b> <i>Skin cancer awareness and compliance with photo protection in long-term kidney transplant patients: a single centre cohort analysis - Antonia Cronin</i></p>	<p><b>Pancreas &amp; islets</b> <i>Chairs: Chris Callaghan &amp; Andrew Sutherland</i></p> <p>The current landscape of pancreas and islet transplantation - <b>John Casey, Edinburgh</b></p> <p>Have we learnt from our mistakes in pancreas transplantation? - <b>Chris Watson, Cambridge</b></p> <p><b>Debate:</b> “Will pancreas and islet transplantation become obsolete in light of pump technology?” <i>For the motion: Pratik Choudhary, London</i> <i>Against the motion: Jim Shaw, Newcastle</i></p> <p><b>Oral presentations:</b> <b>O35</b> <i>Peri-transplant glycaemic control as a predictor of pancreas transplant survival - Iestyn Shapey</i></p> <p><b>O36</b> <i>Alemtuzumab versus Basiliximab based immunosuppression regimes: incidence of de-novo donor specific anti-human leucocyte antigen (HLA) antibodies (DSA) in simultaneous pancreas kidney (SPK) transplant patients - Aditya Kanwar</i></p> <p><b>O37</b> <i>Quality of life after simultaneous pancreas-kidney transplantation - Hannah Maple</i></p>	<p><b>BTS/BLTG symposium</b> <i>Chairs: Pierre-Alain Clavien &amp; John O’Grady</i></p> <p>Introduction - <i>John O’Grady</i></p> <p><b>The Calne Williams Medal oral presentations</b> <b>CW01</b> <i>The effect of normothermic machine perfusion after cold storage in liver transplantation: a multicentre prospective clinical trial - Carlo Ceresa</i> <b>CW02</b> <i>Assessing the time-varying impact of hepatocellular carcinoma on survival following liver transplantation - David Wallace</i> <b>CW03</b> <i>Impact of donor hepatectomy time during organ procurement in donation after circulatory death liver transplantation; the United Kingdom experience - Shahid Farid</i> <b>CW04</b> <i>Impact of regional organ sharing and allocation in the UK Northern Liver Alliance on waiting time to liver transplantation and waitlist survival - Abdullah Malik</i> <b>CW05</b> <i>The assessment of liver quality during normothermic liver perfusion - David Nasralla</i> <b>CW06</b> <i>Can MRCP predict, and normothermic liver preservation prevent ischaemic cholangiopathy? - David Nasralla</i> <b>CW07</b> <i>Correlations between post-reperfusion biliary histopathology, the use of normothermic regional perfusion and the development of ischaemic cholangiopathy - Maithili Mehta</i></p> <p><b>Debate:</b> This house believes that surgical training in liver transplantation can only be achieved by non-compliance of the working time directives <i>Chairs: Krish Menon &amp; Dinesh Sharma</i></p> <p><i>For the motion: Nigel Heaton, London</i> <i>Against the motion: Raaj Praseedom, Cambridge</i></p> <p><b>Presentation of the Calne Williams Medal –</b> <i>John O’Grady &amp; Pierre-Alain Clavien</i></p> <p>Closing remarks: <b>Krish Menon</b></p>
18:30	<b>Close of Congress day 2</b>		
19:45	<b>The BTS Beach Party – drinks reception from 19:45, dinner from 20:15</b>		

***This meeting has been supported by pharmaceutical companies by way of exhibition stand space and sponsorship which is limited to funding the educational content of the meeting.***

Day 3: Friday 16 <sup>th</sup> March 2018			
08:30	<p align="center"><b>Moderated poster session and breakfast rolls</b></p> <p align="center">Posters P049-P152 will have the opportunity to present their work over breakfast</p>		
	<table border="1"> <thead> <tr> <th align="center">Auditorium</th> <th align="center">Syndicates 1 &amp; 2</th> </tr> </thead> </table>	Auditorium	Syndicates 1 & 2
