

Wednesday 24 February			
Time	Studio/Main Stage Stream	On Demand	Green Room/Congress Cafes
09:00	Opening session Virtual BTS NHSBT - Samme Allen Welcome: Steve Wigmore & John Forsythe	<ul style="list-style-type: none"> Moment of honour Order of St John Awards for organ donation Commonwealth Tribute to Life project The BTS Winter Ethics Symposium 2020 and the 2020 Hoffenberg Lecture The donor care physiologist and surgical care practitioner roles The SIGNET trial NHSBT Education NHSBT Donation ambassadors <p>Free Communications</p> <p>Deceased Donation O12: Deceased organ donation programme - Impact of trained transplant coordinators' services in a public hospital in India – <i>MF Sujatha</i> O13: NHS Blood and Transplant Clinical Leads for Utilisation – a new scheme to identify and tackle barriers to improved organ utilisation – <i>Tom Nicholson</i> O14: Increasing cardiothoracic organ retrieval opportunities through a Donor Care Physiologist led scouting programme – <i>Lorraine Fingleton</i> O15: REevaluating TRansplant Organs: Organ preservation strategies in abdominal transplant surgery – <i>Emily Thomson</i> O16: Survival of renal allografts from deceased donors with albuminuria: a UK cohort study – <i>George Greenhall</i> O17: The Psychological Impact Of Deceased Organ Donation Upon Specialist Healthcare Practitioners – <i>Rachel Stoddard-Murden</i></p> <p>Education O18: Focused webinars have potential to increase BAME numbers on the ODR – <i>Sarah Rhammaz</i> O19: Exploring the potential for neonatal organ donation in Scotland: Potential Donor Audit 2016-2020 – <i>Louise Leven</i> O20: Development of a mobile application for comprehensive organ donation guidelines and educational resources – <i>Aisling McIntyre</i> O21: Interest in and exposure to transplant surgery among medical students and trainee doctors – <i>Diana Wu</i> O22: Supporting and encouraging patients to write to their donor families; Breaking down barriers with new techniques – <i>Sarah Claydon</i> O23: Thinking creatively during covid-19: raising awareness about kidney disease, organ donation and "opt out" among south Asian communities – <i>Neerja Jain</i> O24: Evaluation of legislative change training – <i>Louise Hubner</i> O25: Legacy of COVID-19 amidst the challenges of deceased organ donation pathway in Northern Ireland – <i>Nisa Francis</i></p> <p>Ethics, Law and Public Policy</p>	<p>Within the Parallel Session tab you can attend any of the hosted NHSBT green room sessions listed below</p> <p>Or enter the Congress Cafes for informal on screen meet ups with colleagues</p> <p>GREEN ROOM SCHEDULE 24th Feb</p> <p>10:40-11:00 Discussion: Chris Callaghan & Diana Garcia Saez. Hosted by Sarah Whittingham</p> <p>11:00-11:40 Discussion: Amanda Gibbon & Gillian Fargher. Hosted by Jill Featherstone</p> <p>12:35-13:15 Discussion: Anthony Clarkson. Hosted by Sarah Whittingham</p>
09:15	NHSBT Stats <i>Chair: John Forsythe</i> <i>Moderator: Sian Griffin</i> Overview of organ donation and transplantation activity and trends – <i>Lisa Mumford</i> Impact of the 2019 Kidney Offering Scheme – <i>Matthew Robb</i> Organ donation and transplantation for Black, Asian and Minority Ethnic (BAME) patients – <i>Rachel Johnson</i> NHSBT Clinical Trials Unit: latest developments in organ donation and transplantation trials – <i>Helen Thomas</i> COVID-19: the UK registry for transplantation – <i>Lisa Mumford</i>		
10:00	Keynote presentation <i>Chair: Lisa Burnapp</i> How resilient are you? - Russell Harvey		
10:40-11:00	Refreshment break, virtual exhibition stands, online poster presentations and networking		
	Studio/Main Stage Stream	Online Parallel	
11:00	Medawar Medal presentations <i>Chairs: Steve Wigmore & Lisa Burnapp</i> M1: NK cell spleen tyrosine kinase activation in antibody mediated rejection – <i>Candice Clarke</i> M2: Survival after liver transplantation: an international comparison between the United States and the United Kingdom and Ireland – <i>David Wallace</i> M3: Brain death specific glomerular matrix degradation profiles are associated with long-term graft dysfunction in kidney transplantation – <i>Rebecca Vaughan</i> M4: Pancreas transplantation in Black, Asian, and Ethnic minority communities: a single centre experience – <i>Jeevan Gopal</i>		
11:47	Comfort break		
	Studio/Main Stage Stream	Online Parallel	
11:50-12:35	Medawar Medal presentations cont... M5: Global microRNA loss results in accentuated drug response in renal transplant recipients – <i>Katie Connor</i> M6: Liver transplantation outcomes in elderly patients (≥70 years) in the United Kingdom: a propensity score matched analysis of national registry data – <i>Susanna Lam</i> M7: Ischaemic preconditioning drives expansion of a protective cell population in the renal stroma – <i>Charlotte Brown</i> M8: Outcomes of simultaneous pancreas-kidney transplants from donation after circulatory death donors in the UK: a national registry analysis – <i>Maria Ibrahim</i> <i>Judges: Menna Clatworthy, Reza Motallebzadeh, David van Dellen, Andrew Sutherland, Steve White, Anthony Dorling, Gavin Pettigrew, Brian Davidson, Olivia Shaw & Gabriel Oniscu</i>	Introducing an updated ethics, legal and professional framework for donation <i>Chair: Stephen Webb</i> <i>Moderator: Liz Armstrong</i> Introduction - <i>Dale Gardiner</i> Donation actions before death – <i>Alex Manara</i> Donation actions after death – <i>Colin Wilson</i>	
12:00			
12:35-13:15	Refreshment break, virtual exhibition stands, online poster presentations and networking		
	The Herrick Society Annual General Meeting 12:35-13:15		
13:15-13:45	Astellas Sponsored symposium Reflect & Rebalance <i>Russell Harvey & Kate Airey</i>		
	Studio/Main Stage Stream	Online Live Parallel	

13:50	<p>Journey of the body and soul: how different faiths have interacted with organ donation Chair: Kirit Modi Moderator: Geraldine Parker</p> <p>Panel: Angela Clarke Professor Gurch Randhawa Altaf Kazi Ari Jesner Amjid Ali</p>	<p>Best practice: liver Chair: Doug Thorburn Moderators – Varuna Aluvihare & Derek Manas</p> <p>Panel discussion on non-HCC oncological indications for liver transplantation Special Interest Group – Transplant Oncology (SIG-TO) - Raj Prasad Liver transplantation for unresectable neuroendocrine tumour liver metastases - Tahir Shah Liver transplantation for cholangiocarcinoma - John Issac Liver transplantation for colorectal metastases - Krish Menon Panellists – Rebecca Jones, Matt Seymour, Andreas Prachalias</p> <p>Panel discussion on liver utilisation Chair: John Forsythe Moderators: Michael Heneghan & Ian Currie</p> <p>Liver utilisation – the scale of wastage! - Tamara Periera Panellists – Gabriel Oniscu, Parthi Srinivasan, Raaj Praseedom, Phaedra Tachtazis, Katie Quist, Tamara Pereira</p>	<p>Basic science Chair: Gavin Pettigrew Moderator: Frank Dor</p> <p>Engineered T cells to suppress unwanted immunity – Hans Strauss</p> <p>Panel discussion: Hans Strauss, Fadi Issa, Giovanna Lombardi</p>	<p>O26: Interim analysis #options study: Understanding the attitudes and opinions of NHS staff in England to the change in organ donation legislation – Caroline Wroe O27: UK organ donation and transplantation (ODT) during the COVID-19 pandemic: Equity, utility and resource allocation – Shivani Sharma O28: Medication adherence in kidney transplant patients: a single centre comparison between patients 12-18 months post-transplant and long-term kidney transplant patients at least 7 years post-transplant – Rosie Heape O29: Deceased organ donation rates among racial and ethnic minorities is increasing: Not exactly. A UNOS and NHSBT donor data analysis over the last five years – Hemant Sharma O30: 'If you want to help people go volunteer at a soup kitchen': Exploring staff attitudes towards unspecified kidney donors in the UK – Mira Zuchowski O31: The development of a Patient Reported Experience Measure for liver transplant care in the UK – Harriet Hay</p> <p>Clinical – Heart & lung O32: Maximising safety and minimising attendance; drive through bloods, one Centres experience – Sadie von Joel O33: Maximising safety and minimising attendance; drive through bloods, one Centres experience – John Hogan O34: Extending the transplant practitioner role within the national organ retrieval team to include organ care practitioner – Kiko Olano O35: Deceased donor decision making practice in UK heart and lung transplantation: a questionnaire study – Gillian Hardman O36: Impact of VAD implantation and transplantation on survival from listing for heart transplant – Rachel Hogg</p> <p>Kidney & Living Donation O37: Associations between human leukocyte antigens and renal function – Marcus Lowe O38: Comparing outcomes in right versus left kidney transplantation; a systematic review and meta-analysis – Caitlin Carolan O39: Design and implementation of an integrated transplant offer management system – Simon Knight O40: A national survey on enhanced recovery for renal transplant recipients: Current practices and trends in the United Kingdom – Carrie Scuffell O41: Long term renal outcomes in living donors with asymptomatic nephrolithiasis – Muhammad Khurram O42: Implementation of an enhanced recovery after surgery program for donor nephrectomy: West of Scotland experience – Karen Stevenson O43: Outcomes for potential living kidney donors- the Glasgow Experience 2017-2020 – Julie Glen</p>	<p>15:20-15:40 Discussion: Alexandra Cullen Hosted by Lisa Francis</p> <p>15:40-16:20 Discussion: John Forsythe Hosted by Sarah Whittingham</p>
14:40	<p>Keynote presentation: Violence Reduction in the NHS, beyond thoughts and prayers Chair: Betsy Bassis</p> <p>Martin Griffiths, National Clinical Director for Violence Reduction NHS England</p>				
15:20-15:40	Comfort break				
15:40	<p>BTS Dragons Den Clinical trials for trainees in transplantation Chairs: Reena Ravikumar and Dominic Summers Dragons: Steven Wigmore, Michelle Willicombe, Peter Friend</p> <p>Effect of patient-administered SMARTphone-assisted home DIPsticks urinalysis testing on the prevention of severe urinary tract infections in renal allograft recipients-SMARTDIP: A randomised control trial – Chukwuma Chukwu</p> <p>Normothermic regional perfusion versus normothermic machine perfusion of the liver in DCD liver transplantation – a randomised controlled trial – Fiona Hand</p> <p>The "STREAM " - Stenosis of Transplant REnal Artery Management – study: building the evidence to guide management – Fanos Georgiades</p>	<p>Retrieval 2021: United we stand! Chair: Cecilia McIntyre Moderators: Colin Wilson, Steve Tsui, Ulrich Stock</p> <p>Plays well with others: Cardiothoracic ❤️ ANRP – Diana Garcia & Chris Watson NRP: from drawing board to donor hospital – Elijah Ablorsu Journey to the ARC – Gabriel Oniscu</p> <p>Moderated Q&A</p> <p>In conclusion: Ian Currie & Marius Berman</p>	<p>Online Parallel</p>	<p>Online Parallel</p>	

Main Stage/Studio				
16:30	MDT plenary Governance cases: learning the hard way <i>Chair: Derek Manas</i> <i>Moderator: Nicos Kessar</i> Donor disease transmission – <i>Richard Baker</i> Recipient transplant case – <i>Nicholas Torpey</i>			
17:15-18:30	The 2021 UK Awards for Excellence in Organ and Tissue Donation and Transplantation & drinks reception Hosted by John Forsythe & Millie Banerjee			
Thursday 25 February				
Time	Studio/Main Stage Stream	Online Parallel	On Demand	
08:20-08:50	Transplanting the untransplantable: New options for the patient with extreme HLA sensitisation Hansa Biopharma Sponsored symposium <i>Chair: Adnan Sharif</i> What is the problem? - <i>Nicholas Torpey (Cambridge)</i> What could be the solution? - <i>Tomas Lorant (Uppsala)</i>			Free communications cont'd Covid-19 Experience O44: The United States transplantation network impacted by COVID-19 – <i>Rebecca Goff</i> O45: Cardiothoracic transplantation and the first wave of the SARS-CoV-2 pandemic in the UK – <i>Gillian Hardman</i> O46: Provision of an infographic information sheet for COVID-19 risk during renal transplantation: The patients' perspective – <i>Tracey Graham</i> O47: Pre-operative chest computed tomography as an adjunct to RT-PCR testing in renal transplantation during COVID-19 pandemic: Helpful or unnecessary? A multi-centre retrospective case series – <i>Ahmed Ghoneima</i> O48: SARS-CoV-2 antibody responses in wait-listed patients for renal transplantation – <i>Reza Motallebzadeh</i> O49: Pancreas transplantation during the COVID-19 Pandemic. A single centre's experience – <i>Ann Ogbemudia</i> O50: Patient reported incidence of COVID-19 infection and related symptoms in a shielded population of solid organ transplant recipients during the first wave of the COVID-19 pandemic. Results from the COVID-Transplant survey – <i>Hanns Lemach</i> O51: Solid organ transplant recipients' risk perceptions, shielding behaviour and public trust during the COVID-19 Pandemic. Report from the COVID-Transplant Survey – <i>Angus Hann</i> Basic & Translational Science O52: Protein profiles in deceased donor kidneys associated with 12-Month post-transplant kidney function – <i>Priyanka Joshi</i> O53: 2,4-Dinitrophenol treatment during normothermic machine perfusion of steatotic human livers – <i>Samuel Tingle</i> O54: Application of a quantitative scoring method for ultrastructural assessment of acute stress in pancreatic islets – <i>Nicola Dyson</i> O55: Analysis of renal transplant survival outcomes using the restricted mean survival time – <i>Lexy Sorrell</i> O56: Use of donor specific antibody monitoring as an early biomarker of the impact of the new organ allocation scheme – <i>Eva Santos</i>
09:00	Welcome			
09:15	6 of the Best <i>Chairs: Olive McGowan & Sian Griffin</i> <i>Moderator: Frank Dor</i> O1: Factors influencing family consent for organ donation in the UK – <i>Rebecca Curtis</i> O2: Paediatric heart transplantation following donation after circulatory death, distant retrieval and ex-situ perfusion – <i>Eyal Nachum</i> O3: Artificial intelligence driven image analysis to assess donor kidneys at retrieval – <i>Sam Colenutt</i> O4: The UK Liver Transplant program response to COVID-19 pandemic – <i>Steven Masson</i> O5: Re-evaluating transplant organs: organ declines in UK abdominal transplantation – <i>Reena Ravikumar</i> O6: Suicide in 2020 – its impact on donation and staff wellbeing - the development of education to support communication with families, increase awareness and to provide self-care guidance for health care professionals – <i>Jennifer Hughes</i>			
	Online Parallel	Online Parallel		
10:15	Calne Williams Medal presentations <i>Chairs: Krish Menon & Varuna Aluihare</i> <i>Judges: Steve Mason, Shahid Farid, Joerg Pollock</i> CW1: Early liver transplant outcomes after normothermic machine perfusion – <i>Satheesh Iype</i> CW2: Combining donor and recipient age with preoperative meld and UKELD scores for predicting survival after liver transplant – <i>Ioannis Kostakis</i> CW3: Inferior outcomes in young adults undergoing liver transplantation - a UK cohort study – <i>David Wallace</i> CW4: Outcomes following liver transplantation in obese recipients in the UK: a study over four decades – <i>Niloufar Safinia</i> CW5: Transplant benefit score predicts increased pre and post-transplant survival for chronic liver disease patients with hepatocellular carcinoma versus matched patients without: results of a modelling study – <i>Antony Attia</i> CW6: Liver transplantation for HCC: validation of prognostic power of the RETREAT score for recurrence in a UK cohort – <i>Shruthi Reddy</i>	Paediatrics & BUTS: Resilience & Rebuilding <i>Chair: Jonathan Olsburgh</i> <i>Moderator: Jan Dudley</i> Welcome – <i>Rhana Zakri</i> The National picture of paediatric organ donation and organ utilisation – <i>Angie Scales & Chris Callaghan</i> Microbladder: how big is big enough? - <i>Mark Woodward</i> Is paediatric bladder reconstruction always the right option before transplant? <i>Alun Williams</i>		
11:15-11:35	Refreshment break, virtual exhibition stands, online poster presentations and networking			
	Studio/Main Stage Stream	Online Parallel		
11:35-12:20	The Research Network	Public Policy & Promotion		

Within the Parallel Session tab you can attend any of the hosted NHSBT green room sessions listed below

Or enter the Congress Cafes for informal on screen meet ups with colleagues

GREEN ROOM SCHEDULE
25th Feb

10:15-10:35
Discussion: Katy Portell.
Hosted by Lisa Francis

10:45-11:05
Discussion: Kyle Bennet.
Hosted by Lisa Francis

	<p>Chair: <i>Michelle Willicombe</i> Moderators: <i>Rachel Johnson & Nizam Mamode</i></p> <p>Collaborative research in organ donation and transplantation – <i>Lorna Marson</i> Launch of the Signet Study – <i>Dan Harvey & John Dark</i> Learning from others - the potential for organ donation) n & transplant research – <i>Danny McAuley</i></p> <p>Discussion and moderated questions</p>	<p>Chair: <i>Sunil Daga</i> Moderators: <i>Katy Portell & Matt Wellberry-Smith</i></p> <p>Introduction - <i>Sunil Daga</i> Promoting opt out legislation - <i>Alex Cullen & Altaf Kazi</i> Are communities hard-to-reach or just not being reached? Fostering awareness about organ donation and registration- <i>Prof Gail Moloney (Australia)</i></p> <p>Panel: <i>Claire Williment, Gail Moloney, Altaf Kazi & Alex Cullen</i></p>	<p>O57: HLA antibody profiles include clinically irrelevant denatured HLA (dHLA) reactivity – A strategy to identify and delist dHLA in highly sensitised patients – <i>Richard Battle</i></p>	<p>11:15-11:35 Discussion: Reinout Mildner and Angie Scales Hosted by Sarah Whittingham</p>
12:25-12:55	<p>Novartis sponsored symposium Chair: <i>James Fotheringham</i></p> <p>iBox: are predictive tools the future of allograft survival? <i>Dr Olivier Aubert, Necker Hospital, Paris</i></p>			
12:55-13:30	Refreshment break, virtual exhibition stands, online poster presentations and networking			
	Online Parallel	Online Parallel		
13:30	<p>Covid-19 UK experience Chair: <i>Gareth Jones</i> Moderator: <i>Chris Callaghan</i></p> <p>O7: Expedited quality-controlled implementation of a national deceased donor SARS-CoV-2 screening programme in response to a pandemic – <i>Jackie Brander</i> O8: Paediatric heart transplantation during the SARS-CoV-2 pandemic in the UK – <i>Angie Scales</i> O9: Health-related quality of life, uncertainty and coping strategies in solid organ transplant recipients during shielding for the COVID-19 pandemic: results from the COVID-Transplant survey – <i>Siobhan McKay</i> O10: Effect of COVID-19 infection on renal allograft sensitization and overall outcomes in kidney transplant recipients – <i>Azm Ul Hussain</i></p>	<p>Education session Chair: <i>Alison Ingham</i> Moderator: <i>David Van Dellen</i></p> <p>What I wish you knew about my role and how it influences education</p> <p>Clinical lead for organ donation perspective - <i>Ben Ivory</i> Specialist nurse organ donation perspective - <i>Lisa Francis</i> Retrieval surgeon perspective - <i>Zia Moinuddin</i></p>		<p>12:55-13:15 Discussion: Dan Harvey Hosted by Jill Featherstone</p> <p>16:00-16:20 Discussion: John Richardson Hosted by Sarah Whittingham</p>
	Studio/Main Stage Stream	Online Live Parallel		
14:15-15:45	<p>Keynote presentation: The UK Opt-Out Experience</p> <p>Hosted by Dr Dale Gardiner (National Clinical Lead for Organ Donation) a panel of UK donation and transplantation leaders, interspersed with live links, short video clips and interactive polls and questions, will tell and explore the UK Deemed (opt-out) experience covering the legislation, implementation and legacy. The session is being held in collaboration with the International Society for Organ Donation and will be simultaneously broadcast to a worldwide audience.</p> <p>Panel Members <i>Anthony Clarkson</i> <i>John Forsythe</i> <i>Claire Williment</i> <i>Phil Walton</i></p>	<p>Chair: <i>Nicholas Torpey</i></p> <p>Keynote: Influence of the microbiota in transplant rejection and tolerance - <i>Marisa Alegre, Chicago</i></p>		
15:00		<p>Best practice: heart & lung Chair: <i>Stephen Large</i> Moderator: <i>Jas Parmar</i></p> <p>Rise of the machines – <i>Jen Baxter</i> Taking lung transplantation to 2040 – <i>Shaf Keshavjee</i></p>	<p>Best practice: kidney & pancreas Chair: <i>David van Dellen</i> Moderator: <i>Adnan Sharif</i></p> <p>Work-life balance and new lessons for UK kidney transplantation after the COVID-19 surge - <i>Marc Clancy & Michelle Willicombe</i> How has COVID-19 changed pancreas transplantation in the UK? - <i>Isabel Quiroga</i></p>	
16:00-16:20	Refreshment break, virtual exhibition stands, online poster presentations and networking			
16:20-16:40	<p>Reflections: Resilience Hosted by: <i>Samme Allen</i></p> <p>Panel discussion: <i>Steve Wigmore, Lisa Burnapp, Anthony Clarkson, Dale Gardiner</i></p>			
16:45-17:05	<p>BTS awards presentations Presentation of the Medawar medal, Calne Williams medal, the Roy Calne award, the Herrick Society award, the Allied Health Professionals award and the best moderated poster award.</p>			
17:00 – 17:45	Closing drinks in meetings rooms
